# About Us

Incorporated in 2021, Venturo Solutions is proudly 100% bumiputera and has emerged as a trusted and invaluable service provider in Kuala Lumpur, Malaysia. Venturo is strategically located in the heart of south east asia. Venturo is rapidly becoming a regional player with representation in Brunei, Singapore, Indonesia, Thailand, Vietnam and Saudi Arabia.

As a young dynamically driven company, we are always seeking for change with innovative technology to meet the industry's demands of tomorrow. Our management holds an indisputable reputation for consistently and safely delivering operational excellence to our Clients.

**We steer success, offshore and beyond.**

**We craft solutions that drive value**

# Why Venturo?

At Venturo, our goal is to consistently deliver unmatched value-added services. By partnering with leading industry innovators, we strive to set new benchmarks for cutting-edge solutions. Guided by our strong value proposition, a world-class Quality Management System, and a commitment to the highest ESG standards, we are shaping the future of excellence in our field.

**Strong value proposition**

**World-class Quality Management System**

**High ESG Standards**

# Quality Management System

At Venturo, we believe that Quality Assurance and Quality Control are vital aspects of our products and services because no degree of project planning, data processing or interpretative insight can compensate for poor quality deliverables, poor data or poor data management.

With emphasis on reputation, Venturo is committed to delivering high quality products and services to our clients worldwide.

Venturo focuses on safe and efficient operations, with emphasis on health, safety and due respect to the environment. All of our personnel are well-trained, qualified and experienced. We aim to provide high quality services, with the latest, most efficient and reliable equipments, according to our customer's requirements.

Venturo aims to conduct its business by adopting a proactive attitude before its customers and stakeholders, meeting its demands quickly and efficiently, offering solutions while identifying and managing risks, observing the requirements of quality, health, safety and environment, complying with the applicable contractual, statutory, regulatory are further relevant requirements, adopting the best management and technology practices for our activities and ensuring our customers a standard of excellence for contracted products and services.

Offshore and Onshore Catering

Catering & Manpower Supply

V-Medic

# Offshore Support Vessel

Venturo Solutions started its business with the provision of specialized vessels to support O&G service providers in Malaysia.

With the critical nature of the oil and gas operations, we pride ourselves on having managed these operations with focus on contract management in accordance to Clients' needs.

Our Management track record shows us being capable of operating a fleet of specialised vessels capable of supporting subsea construction, IRM (Inspection Repair Maintenance), Hook-Up and MCM (Major Construction Maintenance) projects.
